AUTOCLIMA

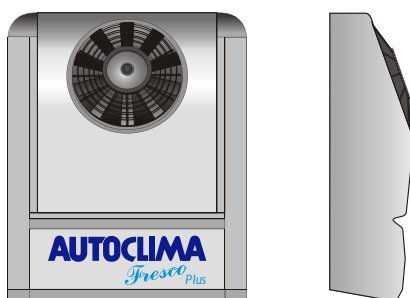

Fresco Plus

When you stop, Fresco starts....

Following to Fresco's last year success, AUTOCLIMA is proud to propose:

AUTOCLIMA
Fresco Plus

EVAPORATOR

CONDENSER

STD CAPACITY	Supplied cooling capacity:	650W (2220 BTU/h)
	Power consumption:	7,5A
MAX CAPACITY	Max AC supplied cooling capacity:	950W (3245 BTU/h)*
	Power consumption:	14,5A

Functioning in stand by

Voltage : 24V DC

Refrigerant : R134a (CFC free) ecological

6 ventilation speeds

Temperature's electronic control with digital control panel

Functioning program timer

Fast and universal installation on both sides of the vehicle

Recharging gas bottle supplies

Lacking maintenance and easy use

Internal electronical control panel

Optional remote control

Auto-switch off with low batteries' voltage (battery saver)

*Declared capacity has been taken with an external temperature of 32°C, internal temperature of 40°C and relative humidity of 50%.
